TIPS TO PREPARE A PERFECT CHOICE LISTS

- This booklet contains three parts **1) Draft, 2) Fair** and **3) Final sheets**
- For example, if your choice of branch is ECE choose that sheet (Draft) first and fill the details (your name, cut-off marks out of 200 (MPC), TNEA counseling rank and your community) in the space provided at the left top.
- Now fill up the minimum cut off marks for all the three years from 2015 to 2017 for different colleges (eg. 1419 – Sri Sairam Engineering College) of your choice pertaining to your community, after collecting the details from the websites **www.tnea.ac.in** or **www.collegesintamilnadu.com** sites.
- Calculate average cut-off marks and fill in the column provided.
- Compare your cut-off marks with the average of minimum cut-off marks.
- If your cut-off is within 3 marks (maximum of 5 marks) of the average cut-off marks tick **Yes** in the chances of allotment column.
- Fill as many colleges as your interest in that sheet for all branches.
- If your next choice of branch is ICE, select that sheet and follow the same procedure as mentioned above.
- Similarly fill all the branch sheets.
- If the chances of the allotment is **yes**, fill those colleges and course in the **Fair** sheets in the order of your preference even now you can makes changes.
- After entering the name of the college and course in the **fair** sheets, decide college and course to fill in the **final** sheets. Make sure that final sheet your final decision.

Example : If community is **OC** and cut-off **192.00**
